LAUNDRY JET
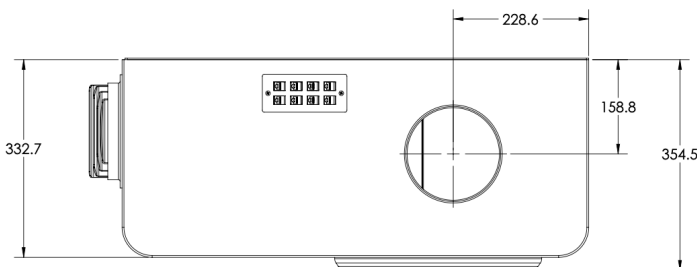

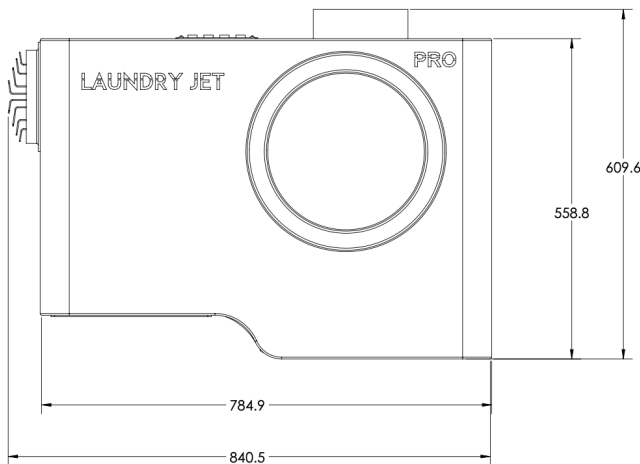

DATA SHEET

Laundry Jet Pro is our showpiece wall mounted model with up to 6 available ports. Its flowing style and easy access glass viewport add a technical feel to any laundry room. The Pro can utilize all styles of Laundry Jet Ports (manual or automatic) and has an automated cycle which allows the user to insert clothes, towels, or bedding leaving the Pro to transport and then auto empty in the laundry room, which allows the system to be immediately used again. The Laundry Jet Pro handles up to 6 different locations and can be installed with a Return Unit option which enables the user to send cleaned and dried clothing back to a chosen bedroom or location in the home. The Pro is a high-end ergonomic appliance which adds technology, automation, and value to any home.
